Membership options: Supporting:  $\geq$  CHF 50  Individual: CHF 200  Organisation: CHF 500

Membership becomes effective when the first yearly fee has been received on the iThEC bank account:

**Account number:** 5036.64.74 / CHF; **IBAN:** CH35 0078 8000 0503 6647 4

**Designation:** BCGE c/c Entreprises; **Account Holder:** iThEC

The undersigned agrees to the following conditions of the membership agreement, in particular the rules governing the association.

The **international Thorium Energy Committee** (iThEC) is a politically neutral, non-governmental, strictly not-for-profit organisation governed by the Swiss jurisdiction. The association actively pursues the following goals through its members, either individual or organisation members:

- Promote the incineration (transmutation) of civilian and military nuclear waste through an ADS (Accelerator-Driven System).
- Support thorium-based energy, which is environmentally sound, safe and non-proliferating.
- Place its resources at the disposal of public or private entities for the realisation of goals a) and b).
- Collaborate with any entity pursuing similar goals.

Membership is composed of

- Founding Members who initiated the association or played a role in its founding
- Active Members, supporting the association through fees, grants and activities
- Supporting Members, helping the association through financial contributions

Membership may be lost through resignation, exclusion for justifiable causes, non-payment of membership fees. Members bear no personal responsibility for the activities of the association.

The association is governed by the general assembly, which is convened at least once a year. Decisions are taken by the majority of the members present at the assembly.
